Mr. K. Narayana Menon.—(a) In Vrischigam 1111.

(b) No. The preliminary work of valuation of lands by the bank's officers and the Local Advisory Committee Members in respect of the several loan applications is being done and some files have reached the final stage of legal advice. The delay was due to the late appointment of Field Staff and Members of the Local Advisory Committees and also to difficulty in the matter of getting encumbrance certificates.

Further it was also found that Regulation VI of 1111 needed amendment in some material respects and that it would be more safe to advance loans only after the Regulation is amended. The bill passed by the Legislative Council received the assent of His Highness the Maharaja on the 30th day of Medam 1111 and was published in the Gazette Extraordinary, dated 7th Edavam 1111. The rules framed by Government under section 27 of the Regulation XXV prescribing the form of notices and the manner of their publication were issued in the Gazette, dated 17th Edavam 1111 and 35 notifications have been published accordingly in the Gazette till now. Further action is being pushed on.
